EDUCATION

(Pending) Ph.D in Anthropology Dissertation Topic: <i>Living on the Border: Health, Environment, and Multiculturalism in 19th Century Tucson, Arizona, as Reflected in the Alameda-Stone Cemetery Population</i>	University of Florida	Gainesville, FL
May 2007 M.A. in Anthropology Thesis: <i>A Look Through the Viewing Glass: Social Status and Grave Analysis of a 19th Century Kansas Cemetery</i>	University of Arkansas	Fayetteville, AR
May 2005 B.A. in Anthropology	University of Oklahoma	Norman, OK

TECHNICAL SKILLS AND CERTIFICATIONS

- Website construction and maintenance experience (HTML)
- Experience with *ArcGIS*, *IDRISI GIS*, *Surfer*, *ERDAS Imagine*, *JMP*, and MS Office
- Trimble Certification (ProXR)—*GPS Mapping for GIS with TerraSync Training Class*
- Large comparative catalog collection related to historic mortuary material culture
- Basic knowledge of gravestone assessment, conservation, and repair
- Knowledge of human osteology and bioarchaeological techniques
- Knowledge and understanding of geophysical techniques
- Knowledge of parasitological analysis
- Knowledge of faunal analysis
- Report writing experience
- Artifact illustration

RESEARCH INTERESTS

- Historical Archaeology
- Bioarchaeology
- Cemetery Landscapes
- Mortuary Material Culture
- Archaeoparasitology
- Archaeology of the North American Great Plains

- Historic Preservation and Conservation
- Archival Science

CURRENT EMPLOYMENT INFORMATION

Library Technician. Government Documents, Marston Science Library, University of Florida. August 2011- *Present.*

- Conducted inventory and cataloging of British Parliamentary Debates collection using ALEPH software.
- Conducted inventory of U.S. Congressional Hearings collection.
- Participated in inventory and cataloging of donated microfiche collection.

Webmaster. Department of Anthropology, University of Florida. December 2010 – *Present.*

- Update information and appearance of departmental website.
- Work with department office manager and staff to update and improve functionality and features of website.

TEACHING EXPERIENCE

Course Instruction:

Instructor/Teaching Associate: University of Florida, General Anthropology (ANT 2000), Fall 2010, Spring 2010, and Summer B 2010 semesters.

- Responsible for organizing and teaching one section of ANT 2000 each semester, with 77 students, 121 students, and 154 students enrolled, respectively.

Head Teaching Assistant: University of Florida, Human Sexuality and Culture (ANT 2301), Assistant to Dr. Clarence Gravlee, Fall 2009 semester.

- Responsible for organizing section schedules of eight other TAs
- Responsible for teaching two discussion sections (50 students enrolled).
- Responsible for assisting the instructor with course administrative details, student accommodation, academic dishonesty violations, exam building, and E-Learning.

Teaching Assistant: University of Florida

- Responsible for leading three archaeology laboratory sections associated with Introduction to World Archaeology (ANT 2140)
 - Fall 2007, Assistant to Dr. Augusto Oyuelo-Caycedo (70 students)
- Responsible for teaching three discussion sections associated with Human Sexuality and Culture, ANT 2301:
 - Spring 2011, Assistant to Dr. Noelle Sullivan (78 students)
 - Spring 2009, Assistant to Dr. Alyson Young (75 students)
 - Fall 2008, Assistant to Dr. Clarence Gravlee (75 students)
- Responsible for grading and guest lectures associated with Development of World Civilization, ANT 3141:
 - Spring 2008, Assistant to Dr. Renzo Duin (125 students)

- Responsible for grading for North American Archaeology, ANT 3153:
 - Spring 2008, Assistant to Dr. James Davidson (25 students)
- Grid Supervisor / Undergraduate Intern:* University of Oklahoma Archaeological Fieldschool. June 1-July 2, 2004. Bryson-Paddock Site (34Ka5); excavation of a late Eighteenth century Wichita Village/ French Contact site. Principal Investigators: Dr. Richard Drass, Oklahoma Archaeological Survey; Dr. Susan Vehik, University of Oklahoma; Dr. Stephen Perkins, Oklahoma State University.
- Responsible for maintenance of excavation paperwork and work progress in one excavation locale, as well as management of up to 12 student workers at a time.

Committee Involvement/Thesis Consultation

Committee Member: Kelly Mustone, MA Thesis, 2012, Cooperstown Graduate Program, SUNY-Oneonta. “Facing Death: Glass Viewing Windows in American Coffins, 1870-1900.”

Reviewer: Fred Sutherland, Undergraduate Honors Thesis, 2006, Boston University. “Use, Reuse, and Desecration: Analysis and Interpretation of the Lucy Kimball Mead Tomb, Littleton, Massachusetts.”

COURSE DEVELOPMENT/COURSES PREPARED TO TEACH

- General Anthropology
- Introduction to Cultural Anthropology
- Introduction to World Archaeology
- Introduction to Biological Anthropology
- Development of World Civilizations
- Human Sexuality and Culture
- Historical Archaeology
- Anthropology in Movies
- Archaeology of Death
- Death and Dying: A Cross Cultural Perspective
- Death in America

ARCHAEOLOGICAL EXPERIENCE

Field Experience

Historic Cemetery Relocations:

Archaeological Field Tech/Mortuary Archaeologist:

McArthur Cemetery (9BI164) Excavation, Byron, GA. May – June, 2010. New South Associates, Stone Mountain, Georgia.

- Excavation of human skeletal remains
- Excavation and field recording of mortuary material culture

Archaeological Field Tech/Osteological Field Tech/Material Cultures Consultant:

Joint Courts Complex Cemetery Excavation, Tucson, Arizona. May – July, 2007, April-August 2008. Statistical Research Inc., Tucson, Arizona.

- Excavation of human skeletal remains.
- Osteological field analysis of human skeletal remains.
- Consultation in historic material culture, coffin construction and period deathways.
- Analysis of mortuary artifacts.

Crew Supervisor/ Researcher/ Illustrator: Meadowlark Hills Retirement Community

Abandoned Cemetery Project – July 13-August 15, 2004. Manhattan, Kansas. Project contracted by Meadowlark Hills Retirement Community to Dr. Donna Roper, Kansas State University. The purpose of this project was to relocate a late nineteenth century cemetery in order to make way for the further expansion of Meadowlark's independent living units. Duties involved in this project included:

- Performed and Supervised others in the excavation and removal of burials
- Mapping articulated skeletons within burials
- Setting grid and mapping burial outlines
- Illustrating images of recovered artifacts,
- Researching:
 - Information pertaining to the local history of the cemetery
 - Information pertaining to those interred individuals
 - Information pertaining to coffin hardware and coffin construction
- Public Outreach Lectures
- Gained experience in running large dirt moving equipment in order to strip the soil to the B Horizon where the grave outline became more visible.

Geophysical Survey Work:

Primary Investigator: Diamond Cemetery Recording and Geophysical Survey. March 23-25, 2007. Diamond Cemetery, Stephens County, Oklahoma. Early 20th Century to Modern Historic Cemetery.

- Supervising the creation of a total station map of the cemetery.
- Supervising the recordation of 157 markers present in the cemetery.
- Supervising the collection of geophysical data (including Resistance and Ground penetrating radar) over an area measuring 100 x 60 meters.

Crew Member: Old Stone Fort Archaeological Park Geophysical Survey. November 3-5, 2006. Old Stone Fort State Park, Tennessee. Under the direction of Dr. Kenneth Kvamme, University of Arkansas. Performed in order to identify features associated with 19th century as well as Woodland occupations.

Crew Member: Deadwood, South Dakota Historic Cemetery Geophysical Survey. Mount Moriah and St. Ambrose Cemeteries, Deadwood, South Dakota. October 11-15, 2006. Under the direction of Dr. Kenneth Kvamme, University of Arkansas. Performed in order to delineate and define possible unmarked graves in potters' field.

- Ran geophysical equipment such as the ground penetrating radar, magnetic gradiometer, and the electrical resistance meter,

- Created a plan view map of the demarked cemetery area.

Crew Member: Van Winkle's Mill Formal Garden Geophysical Survey. Van Winkle Hollow, Little Clifty Creek, Benton County, Arkansas. October 7, 2005. Under the direction of Dr. Kenneth Kvamme, University of Arkansas. Performed in order to delineate any features present in the garden.

- Ran geophysical equipment such as the ground penetrating radar, magnetic gradiometer, and GeoScan Resistance Meter.
- Created plan view map of the area.

Crew Member: Olive Hill Cemetery Geophysical Survey, Cave Springs, Washington County, Arkansas. September 29-October 1, 2005. Under the direction of Dr. Kenneth Kvamme, University of Arkansas. Performed in order to delineate and define possible graves to be avoided by future construction.

- Ran geophysical equipment such as the ground penetrating radar, magnetic gradiometer, and the electrical resistance meter
- Assisted in the mapping of the site with the total mapping station.
- Created a plan view map of the demarked cemetery area.

Field Work in Non-Mortuary Historic Sites:

Crew Member: Van Winkle's Mill Exploratory Excavation and Testing. Van Winkle Hollow, Little Clifty Creek, Benton County, Arkansas. October 3-7, 2005. Supervised by Alicia Valentino, Ph.D. Student, University of Arkansas. Testing with the purpose of defining the footprint of the mill building.

- Monitored backhoe trenching at four locations on the site.
- Cleaned and profiled backhoe trench walls.

Field Work in Prehistoric and Protohistoric Sites:

Field Technician: Metcalf Archaeological Consultants, Inc., Eagle, Colorado. May 2006-August 2006.

- Phase I and Phase II field work for pipeline projects in Wyoming and Colorado.
- Compliance report writing.

Crew Chief/Waterscreen and Flot Supervisor: Little River Archaeological Project. June 1-August 14, 2005. Little River, Kansas. Protohistoric Wichita Village Site (14RC410). Principal Investigator: Dr. Donna Roper. Section 106 project conducted to make room for Little River sewage lagoon expansion and construction. The goal of the excavations was to mitigate features being impacted by construction. Duties involved in the excavation of this site, include:

- Supervising in the excavation of features and maintenance of paperwork.
- Supervising in the waterscreen and flot processes.
- Public Awareness of project, and public relations
- Construction of waterscreen.
- Maintenance of water pump, screen, and fittings.
- Movement of soil from excavation units to the water site.

Crew Member: Little Arkansas River Watershed Survey. March 13-17, May 2005. Principal Investigator: Dr. Donna Roper. Primary location on Lone Tree Creek

McPhearson County, Kansas, Site #2; Secondary site in Rice County, Kansas, Site #26.

- Pedestrian survey
- Shovel test survey

Grid Supervisor / Undergraduate Intern: University of Oklahoma Archaeological Fieldschool. June 1-July 2, 2004. Bryson-Paddock Site (34Ka5); excavation of a late Eighteenth century Wichita Village/ French Contact site. Principal Investigators: Dr. Richard Drass, Oklahoma Archaeological Survey; Dr. Susan Vehik, University of Oklahoma; Dr. Stephen Perkins, Oklahoma State University.

- Supervised students in one of the three established excavation grids
- Checked student progress, and signed off on level forms
- Instructed in:
 - Excavation techniques
 - Unit mapping
 - Dry screening of soil
 - Collection and inventory of artifacts
 - Collection of soil samples, and carbon dating samples
 - Surface survey
 - Use of the total mapping station and the transit
- Organized and maintained grid paperwork
- Checked in artifact bags.

Archaeological Fieldschool: June-July 2003, University of Oklahoma.

Cimarron Archaeological Project, New Mexico – Excavation of a Vermejo Phase structure site. Supervised by Warren Lail, Ph.D. Student, University of Oklahoma, and Dr. Don Wyckoff, University of Oklahoma.

- Gained experience in various areas involved in project
 - Excavation techniques
 - Unit mapping
 - Dry screening of sandy soil
 - Collection of artifacts and ecofacts
 - Recording of field specimens in catalogue
 - Collection of soil samples and carbon samples
 - Use of the total mapping station and laser level.
- Gained experience in Field Laboratory, including measuring, and weighing of recovered lithic materials.

Laboratory/Research Experience

Mortuary Material Culture Studies:

Independent Consultant: November 2011-Present. Department of Anthropology, University of West Florida. Contacted by Ms. Nicole Rosenberg Marshall.

- Conducting analysis of recovered coffin/casket hardware from burial investigations and preparing report of findings.

Independent Consultant: March-August 2011. Geo-Marine, Inc. Project Director, Missi Green.

- Conducted analysis of recovered coffin/casket hardware from small cemetery relocation and authored report of findings.

Independent Consultant: March 2011. Prewitt & Associates. Project Director, Douglas Boyd.

- Conducted analysis of recovered coffin/casket hardware from small cemetery relocation and authored report of findings.

Independent Consultant: July 2010. Brockington & Associates. Project Director, Mike Reynolds.

- Conducted analysis of recovered coffin/casket hardware from small cemetery relocation and authored report of findings.

Material Culture Consultant, Report Co-Author: January-August 2009. Statistical Research, Inc. Under supervision of Kristin Sewell.

- Authored report section discussing burial container construction and material culture.

Archaeoparasitological and Osteological Analyses:

Parasite Consultant: January 2012-Present. New South Associates, Inc. Project Director, Hugh Matterness.

- Conducting microscopic parasite analysis and ELISA testing on soil samples from 19th century burials uncovered near Macon, Georgia.

Parasite Consultant: January 2012-Present. Department of Anthropology, University of West Florida. Contacted by Ms. Stephanie Ward.

- Conducting microscopic parasite analysis and ELISA testing on soil samples from 19th century burials uncovered in Pensacola, Florida.

Parasite Consultant: November 2011-Present. Department of Anthropology, University of West Florida. Contacted by Ms. Nicole Rosenberg Marshall.

- Conducting microscopic parasite analysis and ELISA testing on one soil sample from a 19th century burial disturbed in Pensacola, Florida.

Parasite Analyst: November 2011-Present. University of Florida (PhD Research).

- Conducting microscopic analysis and ELISA testing on soil samples from 19th century burials uncovered in Tucson, Arizona. Attempting to find evidence of human parasites.

Parasite Consultant: March-August 2011. New South Associates, Inc. Project Director, Hugh Matterness.

- Recovered soil from lice comb found during a cemetery relocation and analyzed for presence of louse remains.

Osteological Analyst: January-May 2007. University of Arkansas (MA Research).

- Conducted osteological analysis of human remains from Meadowlark Cemetery, Manhattan, Kansas, as part of my MA thesis research.

Historic Archival/Materials Research:

Researcher: July 2009-December 2010. Geo-Marine, Inc. Under supervision of Christopher Goodmaster.

- Conducted historical/archival research on sites located through archaeological survey in Pine Mountain area of Crawford County, Arkansas.
- Prepare report on said historical research and overall historical context of project area.

Technical Assistant I: December 2005 – May 2007. Arkansas Archeological Survey. Under the supervision of Kathleen Cande.

- Entered artifact data into the ANCS+ Catalog Database for the National Parks Service.

Prehistoric Site/Materials Research:

Researcher: August 2009-May 2010. Geo-Marine, Inc. Under supervision of Dr. Virgil Beasley.

- Build annotated bibliography in *Zotero* software, which can be used to construct a paleo-environmental assessment of survey area in central Florida.

Faunal Analyst: August –December 2007. Southeastern Archaeological Research, Inc. Under direction of Jon C. Endonino.

- Analysis of faunal material from Thornhill Marsh Midden (8VO8287), Thornhill Lake Archaeology Project, Lake Monroe Conservation Area, Volusia Co. Florida.

Laboratory Assistant: August 2003 – December 2004. Lab assistant to Bernard Schriever, Ph.D. Student, University of Oklahoma.

- Catalogued obsidian from Florida Mountain site material (LA18839), New Mexico, excavated in 1982.
- Wrote grant for funding chemical sourcing on the sample
- Performed manufacture and technological analyses on the sample

PRESENTATIONS/POSTERS

Pye, Jeremy W.

2012 "Constructing an Image of the Dead Through Consumer Choice: Ceramic Memorial Portraits on Grave-Markers." Paper Presented at the Society for Historical Archaeology Conference, Baltimore, Maryland.

Hill, M. Cassandra, **Jeremy W. Pye**, and Duane Peter

2011 "At Rest: Bioarchaeology of New Home Cemetery, Sugarland, Texas." Paper presented at the Southeastern Archaeological Conference Annual Meeting, Jacksonville, FL.

Pye, Jeremy W.

2011 "Chinese Tombs and Hanging Coffins." Paper presented at the Association for Gravestone Studies Annual Meeting, Waterville, Maine.

2011 "Faces from the Past: History of Ceramic Memorial Portraits on Grave-Markers." Poster Presentation. Society for American Archaeology Conference, Sacramento, California.

2011 “Factors in Calculating Costs of Gravemarkers: Lessons for Cemetery Surveyors.” Poster Presentation. Society for Historical Archaeology Conference, Austin, Texas.

2010 “‘Silent Whispers of Death Through a Broken Fence’: Maintenance of an Ideology of Racism in the Cemetery.” Paper presented at the Society for Historical Archaeology Conference, Amelia Island, Florida.

2010 “Faithful to Their Trust, Even Unto Death: Expressions of Identity and Change in an Oklahoma Cemetery Landscape.” Poster Presentation. Society for American Archaeology Conference, St. Louis, Missouri.

Sewell, Kristin, and **Jeremy W. Pye**

2009 “The Archaeology of Death and Funerals in Nineteenth Century Tucson.” Invited paper presented at the Society for American Archaeology Conference, Atlanta, Georgia.

Pye, Jeremy W.

2009 “Peaceful Be Their Silent Slumber: A Geophysical Survey of an Oklahoma Cemetery.” Poster Presentation. Plains Anthropological Conference, Norman, Oklahoma.

2009 “On That Great Getting Up Morning: Social Memory and the African-American Funeral.” Invited paper presented at the Society for Historical Archaeology Conference, Toronto, Ontario, Canada.

2008 “Below the Sod: A Geophysical Survey of Diamond Cemetery, Stephens County, Oklahoma. Poster Presentation. Society for American Archaeology Conference, Vancouver, British Columbia, Canada.

Pye, Jeremy W., Matthieu Le Bailly, Marcelo LC Gonçalves, Christine Lefèvre, Donna C. Roper, Adauto Araujo, Françoise Bouchet

2008 “Archaeoparasitological Analysis of Grave Sediments from Meadowlark Cemetery, Kansas.” Poster Presentation. Society for Historical Archaeology Conference, Albuquerque, New Mexico.

Pye, Jeremy W., and Kathleen H. Cande

2007 “‘Origins Unknown’: Perforated Token from Historic Fort Smith, Arkansas.” Poster Presentation. Society for Historical Archaeology Conference, Williamsburg, Virginia.

Pye, Jeremy W.

2007 “And Death Possessed No Terror: Social Status and Grave Analysis.” Society for Historical Archaeology Conference, Williamsburg, Virginia.

2006 “Reflections from the Grave: A Ground Penetrating Radar Survey of Meadowlark Cemetery, Manhattan, Kansas.” Plains Anthropological Conference, Topeka, Kansas.

2006 “Secrets of Cedar Creek Cemetery (aka, Meadowlark Cemetery)...Unfolding History Through Archaeology.” “Death and Loss in America.” Symposium hosted by the Museum of Funeral Customs, Springfield, Illinois.

2006 “Cedar Creek Cemetery (aka Meadowlark Cemetery)...The Search Continues.” Flint Hills Archaeological Conference, Wichita, Kansas.

2005 “Direct Procurement or Trade? Sourcing of Florida Mountain (LA18839) Obsidian.” Undergraduate Research Day, Norman, Oklahoma.

2005 “Reflections of Social Status through Coffin Hardware” Flint Hills Archaeological Conference, Council Grove, Kansas.

2004 “Reflections of Social Status at a Late Nineteenth Century Kansas Cemetery” Midwest Bioarchaeology and Forensic Anthropology Association Conference, Norman, Oklahoma.

2004 “The Great Pirogue Atop Crystalline Waters: On Wichita Death Customs, 1540-1890 A.D.” Plains Anthropological Conference, Billings, Montana.

2004 “Direct Procurement or Trade? Sourcing of Florida Mountain (LA18839) Obsidian.” Mogollon Archaeological Conference, Silver City, New Mexico.

MEDIA INTERVIEWS/INVOLVEMENT

2010 “Avondale Burial Place.” Video Documentary. Georgia Department of Transportation and the Georgia Department of Public Broadcasting, Atlanta, Georgia.

2007 “Episode 2: Diamond Cemetery” Debitage. Podcast, 4/17/2007. Greater Southwest Chapter, Oklahoma Anthropological Society. <http://gscoas.libsyn.com/webpage/2007/04>.

2004 “Stillman Cemetery Re-interment.” Video documentary. Meadowlark Hills Retirement Community, Manhattan, Kansas.

- 2009
 - Plains Anthropological Conference, October 14-17. 2009. Norman, Oklahoma.
 - Society for American Archaeology Conference, April 22-26, 2009. Atlanta, Georgia (Volunteer Staff).
 - Society for Historical Archaeology Conference, January 7-11, 2009. Toronto, Ontario, Canada.
- 2008
 - Society for American Archaeology Conference, March 26-30, 2008. Vancouver, British Columbia, Canada (Volunteer Staff).
 - Society for Historical Archaeology Conference. January 9-12, 2008. Albuquerque, New Mexico.
- 2007
 - Society for Historical Archaeology Conference. January 9-14, 2007. Williamsburg, Virginia.
- 2006
 - Plains Anthropological Conference. November 8-11, 2006. Topeka, Kansas.
 - “Death and Loss in America” Symposium hosted by the Museum of Funeral Customs. October 19-21, 2006. Springfield, Illinois.
 - Society for American Archaeology Conference, April 26-30, 2006. San Juan, Puerto Rico (Volunteer Staff).
 - Flint Hills Archaeological Conference. March 30-April 1, 2006. Wichita, Kansas.
 - Undergraduate Research Day, April 9, 2005. Norman, Oklahoma.

- 2005
 - Society for American Archaeology Conference, March 30-April3, 2005. Salt Lake City, Utah (Volunteer Staff).
 - Flint Hills Archaeological Conference. March 10-12, 2005. Council Grove, Kansas.
- 2004
 - Midwest Bioarchaeology and Forensic Anthropology Association Conference. October 29-31, 2004. Norman, Oklahoma.
 - Plains Anthropological Conference. October 13-16, 2004. Billings, Montana.
 - Mogollon Archaeological Conference. September 29-October 1, 2004. Silver City, New Mexico.

FINANCIAL AWARDS (EARNED/APPLIED)

- PCA/ACA Travel to Collections Grant
 - 2012 Award - \$700 (DENIED)
- SRI Foundation Dissertation Research Grant in Historic Preservation
 - 2011 Award - \$10,000 (DENIED)
- Anthropology Department Travel Award (**Total = \$750**)
 - Conference travel for Summer 2010, Spring 2011, and Summer 2011
- College of Liberal Arts and Sciences (CLAS) Travel Grant (**Total = \$500**)
 - Conference travel for Summer 2010 and Summer 2011
- FASA Graduate Student Travel Grant (**Total = \$250**)
 - Conference travel for Spring 2009
- Friends of Anthropology Travel Award (**Total = \$225**)
 - Conference travel for Spring 2008 and Spring 2010
- Graduate Student Council Travel Grant (**Total = \$1250**)
 - Conference travel for Fall 2007, Spring 2009, Spring 2010, Summer 2011, Spring 2012
- Benjamin Franklin Lever Tuition Fellowship – tuition waiver during MA coursework
- Robert E. Bell Award for Excellence in Archaeology – outstanding Archaeology Senior
- OU Honor Scholar – awarded on the basis of ACT score, 2001-2005.
- Robert E. and Mary B. Sturgis Scholarship, College of Arts and Sciences – 2004/2005
- Undergraduate Research Opportunities Program Grant (**Total = \$500**)
 - Obsidian sourcing study, Spring 2004
- OTAG Award – awarded to Oklahoma state residents through FAFSA, 2001/2002, 2004/2005.
- Opler Departmental Scholarship (OU, Dept. of Anth.) – travel to conference – Fall 2004.
- SAE Scholarship – Privately funded scholarship based on achievement. 2001/2002.

GRADUATE COURSEWORK

University of Florida (PhD coursework)

- Proseminar – Cultural/Linguistic - ANG 5621
- Transition to Capitalism - ANG 6930

- Zooarchaeology - ANG 5126
- Proseminar II - Archaeology/Biological - ANG 6930
- Social Memory - ANG 6186
- Economic Anthropology - ANG 5266
- Archaeological Theory – ANG 6110
